

Automated Underwriting

## Let AURA Drive Your Underwriting Automation

### **Speed to Issue**

AURA delivers automation to your policy issue process, reducing “touch points” and time to issue for your organization.

### **Power of RGA Underwriting Expertise**

With AURA, it takes months, not years, to deliver true automation by leveraging the RGA underwriting business rules to start your project.

### **Underwriting Consistency**

AURA ensures consistent underwriting decisions, allowing your organization to better manage risk.
